**SUBJECT:**

**APPROVE a resolution / ordinance / lease to do what? OR AUTHORIZE the City Manager to do what? Be descriptive of what we want Council to approve. Include \$ amount if applicable.**

Approve a Tax Abatement Agreement by and between High Desert Investors, L.P. and the City of El Paso with regard to development of a hotel project on the northwest corner of University and Oregon and Authorize the Mayor to execute said Agreement.

**BACKGROUND / DISCUSSION:**

**Discussion of the what, why, where, when, and how to enable Council to have reasonably complete description of the contemplated action. This should include attachment of bid tabulation, or ordinance or resolution if appropriate. What are the benefits to the City of this action? What are the citizen concerns?**

A proposed Tax Abatement Agreement has been negotiated with High Desert Investors, L.P., developer of a proposed Hilton Garden Inn Hotel to be located on land leased from the University of Texas at El Paso (UTEP). The development site is located on the northeast corner of University and Oregon. Development of the hotel at an estimated cost of approximately \$15 million is a totally private sector venture and UTEP will have no ownership or investment in the privately owned and operated facility.

New Interim Tax Abatement Guidelines have been drafted and are proposed for adoption of resolution in advance of City Council consideration of the proposed Agreement, which is the subject of this communication. The proposed hotel development qualifies for a flat 25% tax abatement for a maximum of five years under the provisions of the new Interim Tax Abatement Guidelines.

More significantly, the proposed project qualifies as a "Infill Project" under the Interim Guidelines as it represents a capital investment in excess of \$10 million and is to be located on property within an "older neighborhood" of the City. Older neighborhoods are those legally recorded and developed subdivisions that have existed for a period of at least thirty (30) years.

Infill projects are not required to meet any additional requirements as they are viewed as having major impact upon revitalization of areas disadvantaged by their age and location. In this particular case, the hotel will further assist in the revitalization of an area in transition through new construction and rehabilitation undertaken by the nearby hospitals, medical groups and the University. The hotel project will help to strengthen revitalization of the entire area.

The staff recommends approval of the proposed Tax Abatement Agreement with High Desert Investors, L.P. and authorization of the Mayor to execute said Agreement.

**WHEREAS**, the Property Redevelopment and Tax Abatement Act, §312.001 et seq., Texas Tax Code, as amended (the "Act"), creates certain areas of the City as reinvestment zones and authorizes the City Council of the City to create a reinvestment zone for commercial-industrial tax abatement purposes;

**WHEREAS**, the terms defined and as used in the Act shall have the same meaning when used or referred to in this Agreement;

**WHEREAS**, the City Council of the City did adopt a Resolution on December 21, 2004, entitled "Approving Interim Guidelines and Criteria Governing Tax Abatement Agreements" (the "Guidelines"), pursuant to the requirements of the Act, and which Resolution is incorporated herein by reference for all applicable purposes;

**WHEREAS**, the Company has requested that the City enter into a Tax Abatement Agreement with the Company which will provide for twenty-five (25%) percent abatement of the assessed value of the Eligible Real Property it proposes to construct within a designated reinvestment zone and a twenty-five (25%) percent abatement of the assessed value of the Eligible Personal Property to be installed within a designated reinvestment zone;

**WHEREAS**, the City has evaluated the improvements to be constructed, the estimated assessed value of the Eligible Personal Property to be installed and the capital investment by the Company and has determined that the Company qualifies for tax abatement as required by the Act;

**WHEREAS**, the State of Texas has designated area within the City of El Paso as an Enterprise Zone pursuant to Chapter 2303, of Government Code and whereas said Enterprise Zone designation also constitutes designation of the same area as a Reinvestment Zone without further hearing or procedural requirements.

**WHEREAS**, the Company is the owner, or has a possessory interest in certain taxable real and personal property located in the Zone;

**WHEREAS**, the City and the Company desire to enter into this Agreement to exempt from taxation a part of the increase in the assessed value of the Eligible Real Property and exempt from taxation a part of the increase in the assessed value of the Eligible Personal Property over its value in the year this Agreement is executed for a term as hereinafter set forth, all pursuant to the following: the Act, Ordinance No. \_\_\_\_\_, the Guidelines, and the terms and conditions set forth herein;

**NOW, THEREFORE**, in consideration of the mutual covenants and agreements herein contained, the City and the Company do agree, stipulate and covenant by and among themselves, as follows:

### **I. GENERAL TERMS**

A. Term. This Agreement is effective upon execution hereof by all parties. The term of abatement under this Agreement shall be five (5) calendar years beginning on January 1 of the year following completion of construction of the Improvements (as herein defined);

B. Percentage of Abatement. Throughout the abatement term, the City shall abate the Eligible Real and Personal Property Taxes (as provided for in Table I of this Section), as those terms are defined in the Guidelines, assessed against the Eligible Real & Personal Property constructed in the Zone and as the same may be rebuilt or restored after any casualty loss, change, modification or addition thereto in the future. The percentage of abatement for any taxable period shall depend upon the assessed value of the capital expenditures in place. The parties recognize that, under the current system, a tax bill for the Zone would show taxes payable as net of the abatement. The City makes no assurances, however, that such method of billing will continue in effect during the term of this Agreement. Provided that the Company has complied with this Agreement, the tax abatement shall be applied notwithstanding that the Company may not be the taxpayer. It is specifically agreed and understood that the abatement of such taxes shall be applicable only to the "Eligible" Real and Personal Property constructed within the Zone. Inventory and the land upon which such Eligible Property is situated are specifically excluded from tax abatement under this Agreement.

The City's inspection constitutes a right, not a duty, to inspect the improvements made to the property.

### III. PERSONAL PROPERTY

A. Personal Property. As a condition precedent to tax abatement pursuant to this Agreement, the Company agrees to install in the Zone Eligible Personal Property as described substantially on Exhibit "B."

B. Failure to Locate Eligible Personal Property in the Zone. C. Local Administration. The Company shall be responsible for notifying the El Paso Central Appraisal District (the "C.A.D.") of the existence of this Agreement and for scheduling the appropriate meetings with the C.A.D. each year after receiving the annual notice of assessment. The City shall cooperate with the Company and the C.A.D. in establishing the appropriate level of abatement.

In the event that the Improvements are completed and the Company conducts its operations as contemplated herein, but subsequently discontinues its operations for any reason (excepting fire, explosion or other casualty, accident or natural disaster) for a period of one year during the abatement period, such continued cessation for a period of one year shall be deemed a "Discontinuation Event."
